Student Awareness of Fire Education Program

2008

Statewide Training Session

Presentation and Discussion to include

Keeping Our Kids SAFE from the Internet

Many of the things our kids see on internet video sites can send the wrong message; like fire-play, dangerous stunts, experimenting with chemical reactions, inhalants and explosives.
Should we incorporate an internet fire safety theme into the SAFE Program message?

And

The Importance of Evaluating Your SAFE Program: Can you prove your worth?

Is your program successful? Your first reaction may be a resounding "Yes of course!"

But how do you know it's a success? Can you prove your assertion? Can you show conclusive evidence that your students actually learned what you thought you taught?
